

Software License Terms

Unless otherwise provided for in a current signed agreement between You and Hitachi Data Systems, these Software License Terms ("Terms") apply to the Hitachi Data Systems ("HDS") products purchased by You ("Software").

You must read these Software License Terms ("Software License Terms") under which Hitachi Data Systems Corporation ("HDS") will license Software to you. Capitalized terms will have the meanings indicated in Section 18 below.

STANDALONE SOFTWARE LICENSE TERMS

You must read these Standalone Software License Terms ("Software License Terms") under which Hitachi Data Systems Corporation ("HDS") will license Software to you. Capitalized terms will have the meanings indicated in Section 18 below.

1. License Grant Except as otherwise expressly provided, HDS grants you a personal, non-transferable, non-exclusive license:

- (a) to Use the Operating Software solely on the HDS Equipment with which it is shipped, to enable the Equipment to function; and
- (b) to Use the Programs solely for your internal business needs subject to the restrictions specified on any Equipment used in connection with the Programs. For capacity-based Programs, you will Use the Programs up to the specified capacity purchased, on the relevant equipment, network, device or CPU allowed. If you wish to exceed capacity, you must pay HDS any additional license fees first.

You obtain no title or ownership in any Software nor do you obtain any right to sublicense the Software. The Software may be used only as provided in either machine-readable object code form or machine-compressed form, and the related Documentation may be used only in printed or electronic form.

2. Third Party Software. Third Party Software may be embedded in HDS' Software and sublicensed directly to You. Other Third Party Software is provided to You subject to Third Party EULAs, available from HDS at your request. You will have no recourse against HDS unless HDS is the stated licensor and then only to the extent provided in such license. You will be responsible to do whatever is necessary or required by the third party licensor for the licenses and related terms to take effect (e.g. online registration). Unless stated otherwise in these Software License Terms or in the third party license or provided under a maintenance contract, HDS will not provide support for Third Party Software and will not provide you with any IP indemnity for the Third Party Software. Some Software licensed to you includes Open Source Software, and you can access a complete list of these licenses for the Open Source Software provided with HDS' or Hitachi Ltd.'s proprietary Software from the Open Source License Website. The Open Source License Website does not include Third Party Related OSS. You must refer back to the applicable Third Party EULA for those terms. It is your responsibility to review and adhere to all licenses for Open Source Software. By accepting the Software License Terms, you are also accepting the terms and conditions of the licenses applicable to any Third Party Software (including any

Open Source Software) included with the Software. If the Software licensed by HDS includes certain software licensed under the GNU General Public License or other similar Open Source Software with a license that requires the licensor to make the source code publicly available ("**GPL Software**") and the applicable source code was not included in the Software, then you may obtain a copy of the applicable source code for the GPL Software by either (a) requesting the open source code be mailed to you by HDS or (b) downloading the open source code by following the links on the Open Source License Website.

3. Use Restrictions. Except to the extent these restrictions are prohibited by applicable law or prohibited by the terms of any Open Source License, you must not, and must not allow any other person to: (a) use the Software to conduct comparative or competitive analyses, including benchmarking; (b) reverse engineer, decompile, reverse compile, reduce in human readable form or otherwise access the source code of the Software (c) sublicense, rent, lease, modify, enhance, supplement, create derivative works from the Software; (d) copy the Software other than as expressly allowed; (e) remove or otherwise tamper with any proprietary notices contained on or in the Software; or (f) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without our express written authorization.

4. Authorized Copies HDS will provide you with one copy of the media and documentation for the Software. For Software licensed under an enterprise license, HDS grants to you right to make copies of the Software solely for your own internal use, within the scope of the enterprise license. You may also make one copy of back-up or archival copies of Software solely for your own internal use. You must reproduce on all copies made, all proprietary and copyright notices contained on or in the Software.

5. Software Transfers Except to the extent otherwise provided in any applicable Open Source License, you must not transfer the Software to any other person or entity, without HDS' prior written consent. You may, however, transfer the Operating Software to a third party ("**transferee**") solely with the related HDS Equipment, but you must ensure that the transferee agrees to the terms of these Software License Terms and other relevant license terms. The Operating Software is provided to the transferee on an "as is" basis, with no extension of any existing warranty or support arrangements. When the transfer is complete, you must remove and destroy all copies of the Operating Software in your possession or

under your control. You must also permanently remove all Software from any media upon which it is stored prior to disposing of the media.

6. Location of Software If the Equipment upon which you are authorized to Use the Software becomes temporarily inoperable, you may load and Use the Software on another of your computer systems located at the same premises, until the original Equipment becomes operable. Otherwise, you must always get HDS' prior written consent before changing the Equipment on which the Software is to be Used, or its location.

7. Verification Rights HDS or its independent auditor may, upon reasonable notice to you, examine and audit your records and systems to ensure compliance with applicable software licenses. The audit will be performed during normal business hours in a manner which does not unduly interfere with your business operations. If the audit shows that you are using more copies of the Software than permitted under your applicable licenses, HDS will charge you additional usage fees.

8. Limited Warranty Subject to this Section 8. HDS warrants to you that, during the Warranty Period, the Software will function in accordance with the Published Specifications. To make a valid warranty claim, you must submit a claim to HDS under the procedures set out at http://www.hds.com/pdf/warranty_and_basic_maintenance_online_terms.pdf.

EXCEPT AS SPECIFIED IN THESE SOFTWARE LICENSE TERMS, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS AND WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OR CONDITION OF MERCHANTABILITY, SATISFACTORY QUALITY, OR FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT ARE EXCLUDED TO THE MAXIMUM EXTENT PERMITTED BY LAW. HDS DOES NOT WARRANT THAT ANY SOFTWARE OR THIRD PARTY SOFTWARE WILL OPERATE UNINTERRUPTED OR ERROR FREE.

9. Ownership and Licenses HDS and its licensors own all copyright, trade marks, designs, patents, circuit layout rights, know-how, trade secrets, trade, business or company names, domain names and related registration rights and all other intellectual property rights in the Software, including any modifications ("**Hitachi IP**"). Hitachi IP is protected by U.S. and other copyright laws and the laws protecting trade secret, other intellectual property rights and confidential information. You only get license rights in Software, expressly stated in these Software License Terms. Except as otherwise expressly provided by any Open Source License, You must not do anything to jeopardize HDS' or our licensors' rights in the Hitachi IP including to (i) copy, modify, merge, or transmit Hitachi IP; (ii) register or attempt to register any competing intellectual property rights to the Hitachi IP; (iii) delete or tamper with any proprietary notices on or in the Hitachi IP, (iv) take or use any action that diminishes the value of any trademarks included in the Hitachi IP, or (v) use the Software in violation of applicable law. These restrictions are in addition to those stated in Article 3.

10. Intellectual Property Claims Subject to Section 9, if a third party makes a claim against you that the Software infringes that party's patent rights or copyright ("**IP Claim**"), HDS will provide the following recourse (which, to the extent permitted by applicable law, comprises your sole and exclusive remedy against us for IP Claims):

(a) HDS will defend or settle the IP Claim at our option and cost, and pay to you the amount of damages, losses and costs finally awarded (or settled with our written consent), provided that you (i) promptly notify HDS of the IP Claim (ii) allow HDS to solely manage the defense and settlement of the IP Claim; (iii) co-operate with and assist HDS as we

require (HDS will pay your costs of doing so); and (iv) are not in breach of these Software License Terms or any other agreement that you have with HDS or any of its affiliates.

(b) HDS will, at its option and cost, do any of the following which is or HDS considers is likely to be the subject of an IP Claim: (i) secure the rights for you to continue to use the Software without infringement or (ii) modify the Software so that it is not infringing or replace it with something that has similar functionality to the Software. If neither option is reasonably possible, HDS will provide you with a refund, provided that you promptly return the Software to HDS.

The above remedies will not apply to any Third Party Software (including without limitation any Open Source Software) or otherwise to any Software that you have, or any person on your behalf has: (i) modified or combined with any third party product not resold and authorized or approved by HDS, (ii) used outside the stated standard operating environment for the Software or for an unauthorized purpose or (iii) failed to use a more recent version of the Software that was available to you and would have avoided the infringement or where the IP Claim arises due to any material or item that you own or have sourced from a third party yourself.

11. Liability Limitations. We each acknowledge the full extent of our own liability to the other arising from death or personal injury resulting from our negligent acts or omissions; claims for non-payment; the non-excludable statutory rights of consumers (for example, under laws providing for strict product liability), the breach of any obligation of confidence, and our breaches of these Software License Terms. Except for the immediately preceding sentence, our indemnity obligations as described in Section 10 and to the extent not prohibited by applicable law:

(a) HDS' and your maximum aggregate liability for all claims relating to all Software licensed to you under these Software License Terms, whether for breach of contract, breach of warranty or in tort, including negligence, will be limited to the amount paid for the particular Software which is the subject matter of the claim, up to a maximum of two million US dollars (U.S. \$2,000,000); and

(b) neither you nor HDS will be liable for any indirect, punitive, special, incidental or consequential damages in connection with or arising out of the Software License Terms (including, without limitation, loss of business, revenue, profits, goodwill, use, data, or other economic advantage), however they arise, whether in breach of contract, breach of warranty or in tort, including negligence, and even if that party has previously been advised of the possibility of such damages.

12. Confidential Information. Each of us must keep each other's Confidential Information confidential, using the same degree of care used to protect our own Confidential Information. We won't disclose your Confidential Information to anyone else, unless you allow us to, and you must do the same with our Confidential Information. We can, however, disclose it to our employees and contractors who need to know the information in order to perform obligations under these Software License Terms.

13. Export Compliance. You acknowledge that in various countries, laws and regulations regulate the export of computer products and technology which may prohibit use, sale or re-export of such products or technology if you know or have reason to know that such products and technology are for use in connection with the design, development,

production, stock piling or use of nuclear, chemical or biological weapons or missiles and in some countries (e.g. China) for certain conventional military end-uses. If you sell or transfer to another person or entity title in or right to use any Software, you will ensure that all applicable export restrictions of the nature described in this section are observed.

14. Termination of License Your license in the Software will terminate: (i) when that Software is replaced with any upgrade, revision or replacement Software; or (ii) if you are in breach of any of these Software License Terms or any license for Third Party Software.

15. Dispute Resolution. Both of us will use reasonable efforts to get an appropriate person from our respective management teams to meet and attempt to resolve any dispute regarding these Software License Terms in good faith. If they are unable to resolve the dispute within 30 days, either of us may resort to alternate dispute resolution such as arbitration or otherwise seek recourse from the courts. Either party may seek injunctive or other urgent equitable relief at any time.

16. Governing Law. These Software License Terms will be governed by California law, with venue and exclusive jurisdiction in the appropriate courts in Santa Clara County, California. To the extent allowed, the United Nations Convention on Contracts for the International sale of goods and its implementing legislation will not apply to these Software License Terms.

17. Miscellaneous. Neither of us will be responsible for any failure to meet any of our obligations (except payment obligations) due to matters beyond our reasonable control provided reasonable efforts have been made to perform them. You must not assign, or otherwise transfer any of your rights under these Software License Terms without HDS' prior written agreement. Notices made under these Software License Terms must be in writing to a senior executive. Notices will be deemed given: where they are hand delivered, when a duly authorized employee or representative of the recipient gives written acknowledgement of receipt; for email communication, at the time the communication enters into the information system of the recipient; for posting, three days after dispatch and for fax, on receipted transmission of the fax. Rights and obligations under these Software License Terms, which by their nature should survive the termination or expiry, will remain in effect after termination. If either of us fails to promptly exercise any contractual right, this does not of itself mean that the right has been waived. For a waiver of a right to be valid, it must be written and it will not give rise to an ongoing waiver or any expectation that the right will not be enforced, unless it is expressly stated to do so. These Software License Terms may not be modified except in writing signed by an authorized representative of each party. These Software License Terms are the entire agreement relating to its subject matter. All or written communications, understandings, proposals, representations and warranties are by agreement, excluded and are of no force or effect (to the extent permitted at law).
