About AIX Service Hints and Tips from 4FAX

Special Notices

Information in this document is correct to the best of our knowledge at the time of this writing. Please send feedback by fax to "AIXServ Information" at (512) 823-4009.

Please use this information with care. IBM will not be responsible for damages of any kind resulting from its use. The use of this information is the sole responsibility of the customer and depends on the customer's ability to evaluate and integrate this information into the customer's operational environment.

About This Document

AIX Service continues to add AIX/6000 hints and tips to the faxes available from the IBM Fax Information Service. This information service is available free of charge to customers and field personnel.

Within the U.S., call 1-800-IBM-4FAX from a touch-tone phone Outside the U.S., call (415) 855-4FAX from your fax machine phone. Internal to IBM, call T/L 465-4FAX.

Many faxes are available from this service, from product catalogs to service information. Included are the AIX/6000 hints and tips faxes listed below. To get the most current list at any time, order the RISC System/6000 index by calling the numbers above. The AIX/6000 hints and tips are in the Services section of the RISC System/6000 index.

Other Access Points For AIX/6000 Faxes

Customers who have Internet WWW capabilities can access the AIX/6000 hints and tips faxes via the following path:

```
http://service.software.ibm.com//aix.us/go?/pdocs/os/us/index.html
```

Faxes and other free AIX information are available via OASIS (Online AIX Service Information Station>

- Internal customers point your url to:

  ```
  http://pitstop.austin.ibm.com
  ```

- External Customers can testdrive and download OASIS from:

  ```
  http://service.software.ibm.com/www/support/aix/pitstop/
  beta.html
  ```

Both versions provide feedback mechanisms. Please let us know how we are doing.
