Install man pages Using Installation Media (AIX 4.1)

Special Notices

Information in this document is correct to the best of our knowledge at the time of this writing. Please send feedback by fax to "AIXServ Information" at (512) 823-4009.

Please use this information with care. IBM will not be responsible for damages of any kind resulting from its use. The use of this information is the sole responsibility of the customer and depends on the customer's ability to evaluate and integrate this information into the customer's operational environment.

About This Document

The following discusses the software and procedures needed to setup both man pages and InfoExplorer in AIX version 4.x systems.

This document applies to the InfoExplorer and man pages from the hard drive only.

A Bibliography of How to Setup Man Pages

The following documents on man pages are available from 4FAX.

- man.pages.31.cmd (for aix 3.2) 4Fax # 2443
- man.pages.41.cdrom.cmd 4Fax # 5734

Setting up Man Pages and InfoExplorer

Please refer to Chapter 14 of the 4.1 System Management Guide SC23-2525-01.

Prerequisites:

1. The LANG variable in your environment must be set to the correct value, en_US for US English. To display the variable, enter:

   ```
   echo $LANG
   ```

   Use the command "smit chlang" to change the LANG variable.

2. The following filesets MUST be installed on the hard disk for man pages and InfoExplorer:

   ```
   bos.info.rte                 Base System InfoExplorer
   bos.info.en_US.nav           Navigation Database-en_US
   bos.info.en_US.cmds_ref      Commands Database
   ```

Use the command "lslpp -l <filesetname>" to determine if the above filesets are installed on your system.

In addition to bos.info.rte, bos.info.en_US.nav, and bos.info.en_US.cmds_ref the following filesets should be installed according to your application needs.

Databases Include:

```
pkg_gd     Package Installation Database for current Media

bos.info.en_US.info_help       Help for InfoExplorer - en_US
bos.info.en_US.smit_help       Help for SMIT - en_US
bos.info.en_US.adapters_gd_ref Adapters Database
bos.info.en_US.aix_tech_ref    AIX Technical Reference
bos.info.en_US.assemb_ref      Assembler Database
bos.info.en_US.files_ref       Files Database
bos.info.en_US.manage_gds      AIX System Management Guides Database
bos.info.en_US.probsolv_gds    AIX Problem Solving Guides Database
bos.info.en_US.user_gds        AIX User Guides
```

Running Graphical InfoExplorer

run graphical InfoExplorer, you should also install:

X11.info.rte	AIXwindows InfoExplorer Runtime
X11 info.en_US.Dt	AIXwindows Desktop Guide -
X11 info.en_US.prog_gds	AIXwindows User Interface Programming Guides
X11.info.en_US.tech_ref	AIXwindows Technical Reference
X11.info.en_US.x_st_mgr.manage_gd	Xstation Manager/Administrators Guide

Running AIXwindows Man Pages

run AIXwindows Desktop Man Pages:

X11.man.en_US.Dt.adt	AIXwindows Desktop Toolkit Man Pages
X11.man.en_US.Dt.rte	AIXwindows Desktop Runtime Man Pages

09/11/96, 4FAX# 4619

Reader's Comments

Please fax this form to (512) 823-4009, attention "AIXServ Information". You may also e-mail comments to: elizabet@austin.ibm.com. These comments should include the same customer information requested below.

Use this form to tell us what you think about this document. If you have found errors in it, or if you want to express your opinion about it (such as organization, subject matter, appearance) or make suggestions for improvement, this is the form to use.

If you need technical assistance, contact your local branch office, point of sale, or 1-800-CALL-AIX (for information about support offerings). These services may be billable. Faxes on a variety of subjects may be ordered free of charge from 1-800-IBM-4FAX. Outside the U.S. call 415-855-4329 using a fax machine phone.

When you send comments to IBM, you grant IBM a nonexclusive right to use or distribute your comments in any way it believes appropriate without incurring any obligation to you.

Note: If you have a problem report or item number, supplying that number may help us determine why a procedure did or did not work in your specific situation.
