

NOTIFICATION PROCEDURES DURING EVENTS OF NATIONAL INTEREST, WELFARE OR EMERGENCY

1. GENERAL

1.01 This appendix provides instructions for the distribution of policy statements from AT&T during a National emergency or events involving National interest or welfare.

1.02 This appendix is reissued to update the notification lists and to change the teletypewriter distribution system. Since this reissue is a general reissue, no revision arrows have been used to denote significant changes.

2. DISTRIBUTION OF REPORTS

2.01 Immediately upon receipt of reports of National concern, the State Report Centers will:

A. *During Regular Business Hours*

- (1) Telephone the report to the Network Service Supervisors listed in Fig. 1 using the following format:

"This is a FLASH from the State Report Center. The American Company in New York has just declared (or terminated) Condition (Blue, Yellow, or Red) in connection with (the event). Please arrange for the appropriate action described in Section 010-122-010."

Note: Log the names of all recipients and the time the message was passed to them.

- (2) Immediately transmit the same message via the official teletypewriter network (PNBNET) to group codes:

Oregon PNG8024, PNG8045

Washington PNG8015, PNG8016,
and PNG8023

B. *Outside Regular Business Hours*

- (1) The notification procedure will be the same as those for regular business hours (2.01, A).

- (2) ***Condition Yellow or Red***

- (a) On Condition Yellow or Red, telephone at home one person in each group listed in Fig. 2 for Washington/Idaho and Fig. 3 for Oregon. Use the same message format as described in A(1)

- (b) Transmit the same message via teletypewriter as directed in A(2).

2.02 ***Advance notification of Condition Blue*** is often received by the State Report Centers. This notification must be transmitted by the centers via the official teletypewriter network to the appropriate group code listed in A(2). The message must be sent both when received and on the morning of the last regular working day prior to each expected Condition Blue.
