

CALL THROUGH TESTS
USING MODEL 13 CALL THROUGH TEST SET
PER DRAWING SWT-S-701-400-G
OPERATION AND REPORTING OF RESULTS

1. GENERAL

- 1.001 This Addendum supplements Section 226-832-900SW, Issue B.
- 1.002 This Addendum is reissued to provide that Area offices shall forward annually the Division Monthly Report Summaries (Form SW-6375) to the Plant Operations Engineer. The Addendum also provides for revised Form SW-6375, changing % of Regular Tests Columns to Rate/10,000 Regular Tests. This Addendum provides for entering additional information on Form 5464. This information is necessary to complete Form SW-6375 (Model 13 Call Through Test Set Results Summary).

8. RECORDS AND REPORTS

The following changes apply to Part 8 of this section:

- 8.08 Change this paragraph to read:
A copy of the tally Form E-5464 covering data for the reported period shall

be transmitted through the lines of organization so as to reach the division office not later than the 29th of the report month. Information required by paragraphs 8.01, 8.04, and 8.05 of the main Section shall be placed on this tally form as follows:

TOTAL TEST CALLS _____
SPECIAL TEST CALLS _____
REGULAR TEST CALLS _____
STOPS-TROUBLES FOUND _____
STOPS-NTF _____
STOPS-LOAD _____

- 8.09 (a) Add this sub-paragraph:
Stops, Tbl., N.T.F., and Load on the revised Form SW-6375 (Exhibit 1 of this Addendum) shall be computed as Rate/10,000 Regular Tests. This replaces the old method of computing these columns as % of Regular Tests. One extra column "Stops" is added to the revised form.

- 8.10 Change paragraph to read:

The Area Office shall retain a "Current Year File" of division summary forms SW-6375 and at the end of each year shall forward copies of the Division Monthly Report Summaries for that year to the Plant Operations Engineer. These reports should be forwarded not later than January 10 each year.
