<hr/>			
1.	<u>GENERAL INFORMATION</u>	4.12	From Table A and the Customer Order Document, make a list of the sections associated with the features activated in the DIMENSION PBX being tested.
1.1	<u>Description</u>		
1.11	This section contains the general information to test the features incorporated in the DIMENSION PBX.	→ 4.13	Each feature shall be tested only once unless otherwise specified. Repetitious testing required to verify Station Line Assignments, class of Service Assignments, and Trunk-to-Trunk Assignments are performed in other sections.
2.	<u>RECORDS AND REQUIREMENTS</u>		
2.1	Form SD-97-1313 is required for recording the results of the tests as specified in this section.		
3.	<u>TEST EQUIPMENT</u>	4.14	From the information obtained in PAR. 4.12, perform each of the sections as listed.
3.1	<u>Test Sets</u>		
3.11	As required by the test sections.	4.15	This completes the testing of the DIMENSION features per this section.
4.	<u>PROCEDURE</u>		
4.1	<u>Test Procedure</u>	→	Arrows indicate changed or new information.
4.11	Table A contained in this section is an index of DIMENSION PBX Features and the associated test section numbers.		

Reason for reissue:
Update Table A

Manager, Denver PBX PECC
