

SPECIAL SAFEGUARDING MEASURES (SSM)
AND SPECIAL SERVICE PROTECTION (SSP)

1. GENERAL

1.01 This addendum supplements Section 460-110-100.

1.02 This addendum is reissued to:

(A) Delete information now contained in the AT&T Co. practice.

(B) Define service order code designations for SSM and SSP.

Add the following paragraph:

1.03 Service order code designations for SSM and SSP are as follows:

(A) ESLM (Essential Service Line Measures) indicates a requirement for Special Safeguarding Measures, (SSM).

(B) ESLP (Essential Service Line Protection) indicates a requirement for Special Service Protection, (SSP).

NOTE: Service orders for service requiring either of the above will be so noted after the service code, e.g., 1LXEP (ESLP) (RATE).

4. WORK ORDERS

Add the following paragraph:

4.01 Where a Form E-4106 has not been issued and it becomes apparent, during an installation, that a leased circuit falls into one of the categories covered by paragraph 4.02, the installer should check with the Assignment Department as to the need for SSP or SSM.
