

OKO-LITEFLEX AERIAL DROP WIRE  
DESCRIPTION, INSTALLATION AND MAINTENANCE

1. GENERAL

- 1.001 This addendum supplements Section 462-030-900, Issue A. Place this sheet ahead of Page 1 of this section.
- 1.002 This addendum is issued to revise the method for the splicing and maintenance of the OKO-Liteflex Aerial Drop Wire.

2. CHANGES TO SECTION

- 2.001 Delete paragraph 4.01 through paragraph 4.16.
- 2.002 The absence of the support member, when splices are to be made in mid-span could present a safety hazard or result in service interruptions.
- 2.003 When splices are to be made using OKO-Liteflex Aerial Drop Wire, make the splice at pole locations using a 400-2000A wire terminal (Section 462-240-900).
