## COMMON SYSTEMS

## REFERENCE OF APPROVED FIRESTOPPING PRODUCTS AND

## GENERAL LIST OF PRODUCT SUPPLIERS

## 1. GENERAL

1.01    This section provides a reference of commercially available products that are approved for use with through-penetration firestops, and includes known suppliers of the products at the time the section was issued.  The information is provided to assist in the acquisition of approved firestopping products.

1.02    The section was reissued to add Hilti firestopping products and remove ceramic materials as approved products.

## 2. INTUMESCENT PRODUCTS
