

CODED JACKS (FEMALE CONNECTORS) AND PLUGS

1. GENERAL

1.01 This section lists and illustrates the standard coded jacks (female connectors) and plugs used for the maintenance and operation of equipment in central offices.

2. JACKS (FEMALE CONNECTORS)

→ JACK, 466B

Used with 337- and similar-type plugs

→ JACK, 477A

Used with 358- and similar-type plugs

3. PLUGS

PLUG, 1B Replace No. 116 and 144 plugs
 PLUG, 1C

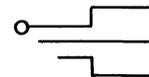

1B-BLACK SHELL
 1C-RED SHELL

Used with 216- or similar-type jacks

PLUG, 47A	"Mfr Disc." Replaced by No. 347A plug
PLUG, 47B	"Mfr Disc." Replaced by No. 347B plug
PLUG, 109	"Mfr Disc." Replaced by No. 309 plug
PLUG, 110	"Mfr Disc." Replaced by No. 310 plug
PLUG, 116	"Mfr Disc." Replaced by No. 1B or 1C plug
PLUG, 129	"Mfr Disc." Replaced by No. 213 plug
PLUG, 132	"Mfr Disc." Replaced by No. 234 plug
PLUG, 135	"Mfr Disc." Replaced by No. 356A plug

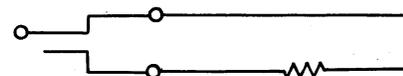

PLUG, 137	"Mfr Disc." Replaced by No. 289A plug
PLUG, 141A	"Mfr Disc." Replaced by No. 241A plug
PLUG, 144	"Mfr Disc." Replaced by No. 1B or 1C plug
PLUG, 150	

RED SHELL

Used with 49- or similar-type jacks

PLUG, 151A	"Mfr Disc." Replaced by No. 373A plug
PLUG, 151B	"Mfr Disc." Replaced by No. 373B plug
PLUG, 152	"Mfr Disc." Replaced by No. 289A plug
PLUG, 153A	"Mfr Disc." Replaced by No. 153D plug
PLUG, 153B	"Mfr Disc." Replaced by No. 153E plug
PLUG, 153C	"Mfr Disc." Replaced by No. 153F plug
PLUG, 153D	Replaces No. 153A plug
PLUG, 153E	Replaces No. 153B plug
PLUG, 153F	Replaces No. 153C plug

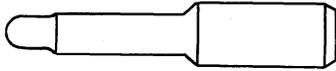

RED SHELL

R
 RESISTOR R
 153D - 400Ω
 153E - 600Ω
 153F - 800Ω

Used with No. 438C or similar-type jacks

PLUG, 154	"Mfr Disc." Replaced by No. 327A plug
PLUG, 165	"Mfr Disc." Replaced by No. 165B plug
PLUG, 165B	"Mfr Disc." Replaced by No. 165C plug

PLUG, 165C Replaces No. 165B plug
 PLUG, 165D

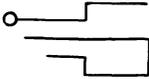

PHENOL PLASTIC
 165C-BLACK 165D-RED

Used with 218- or similar-type jacks

PLUG, 184 "Mfr Disc."
 Replaced by No. 184B plug

PLUG, 184B Replaces No. 184 and D-93279
 plugs

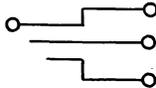

RED, GRAY OR BLACK SHELL

Used with 49- or similar-type jacks

PLUG, 202 "Mfr Disc."
 Replaced by No. 202B plug

PLUG, 202B Replaces No. 202 plug

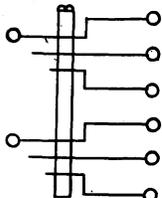

RED GRAY OR BLACK SHELL

Used with 238- or similar-type jacks

PLUG, 205 "Mfr Disc."
 Replaced by No. 234 plug

PLUG, 211 Replaces No. 129 plug
 PLUG, 213

BLACK SHELL

- No. 211 plug has fingers mounted on 7/16-inch centers
 - No. 213 plug has fingers mounted on 11/16-inch centers
- Used with 49- or similar-type jacks

PLUG, 216B Replaces D-176256 plug

2 ROWS OF 11 PAIRS OF CONTACT SPRINGS EACH

Used with No. 495A jack

PLUG, 217A "Mfr Disc."
 Replaced by No. 328A plug

PLUG, 217B "Mfr Disc."
 Replaced by No. 328B plug

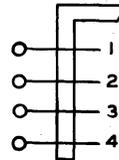

PLUG, 217C "Mfr Disc."
 Replaced by No. 328C plug

PLUG, 217D "Mfr Disc."
 Replaced by No. 328D plug

PLUG, 217E "Mfr Disc."
 Replaced by No. 328E plug

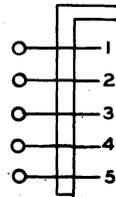

PLUG, 220 "Mfr Disc."
 Replaced by No. 82A test set

PLUG, 234 Replaces No. 132 and 205 plugs

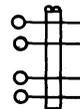

Used with 36- or similar-type terminal strips

PLUG, 235

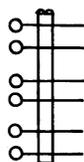

Used with 35- or similar-type terminal strips

PLUG, 240A

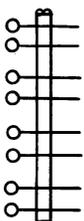

Used with test jacks on step-by-step switches

PLUG, 240B

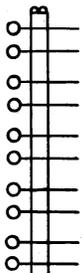

Used with test jacks on step-by-step switches

PLUG, 240C

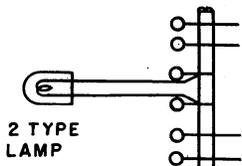

Used with test jacks on step-by-step switches

PLUG, 240D

Used with test jacks on step-by-step switches

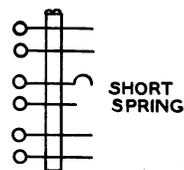

PLUG, 240F

The 2-type lamp must be ordered separately

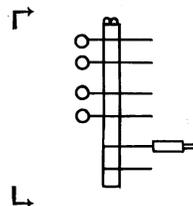

Used with test jacks on step-by-step switches

PLUG, 240G

Used with test jacks on step-by-step switches

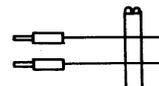

PLUG, 240H

→ Equipped with one No. 30 cord tip

Used with test jacks on step-by-step switches

PLUG, 240J

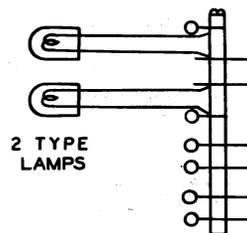

→ Equipped with two No. 30 cord tips

Used with shelf jacks on step-by-step switches

PLUG, 240K

Replaces D-157338 plug

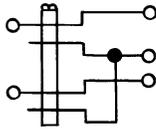

The 2-type lamps must be ordered separately

Used with test jacks on step-by-step switches

PLUG, 241A
 PLUG, 241B
 PLUG, 241D

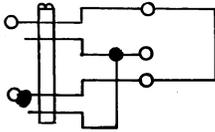

Replaces D-156082 plug

241A-BLACK SHELL
 241B-RED SHELL
 241D-BLACK SHELL

Used with 218- or similar-type jacks

PLUG, 241C

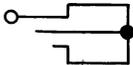

BLACK SHELL

Used with 218- or similar-type jacks

PLUG, 244

"Mfr Disc."
 Replaced by No. 123A gauge

PLUG, 245

BRASS WITH BLACK HANDLE

Equipped with shield which obscures light

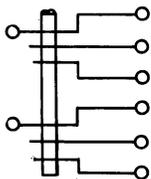

Used with 92- or similar-type jacks

Does not operate tip of jack

PLUG, 247A

"Mfr Disc."
 Replaced by No. 338A plug

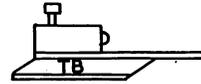

PLUG, 248A

BLACK SHELL

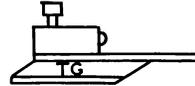

Used with 363-type jacks

PLUG, 251B

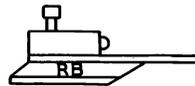

→ Used with protectors other than 121-type on MDF in tip of bad pair

PLUG, 251C

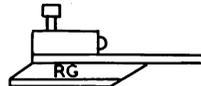

→ Used with protectors other than 121-type on MDF in tip of good pair

PLUG, 251D

→ Used with protectors other than 121-type on MDF in ring of bad pair

PLUG, 251E

Used with protectors other than 121-type on MDF in ring of good pair

PLUG, 252A

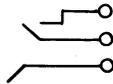

→ Used with protectors other than 121-type on on MDF

PLUG, 252B

→ Used with protectors other than 121-type on MDF

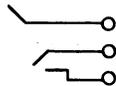

PLUG, 257A

RED SHELL

Used with No. 141 jack with white line uppermost and tip spring to right

PLUG, 257B

RED SHELL

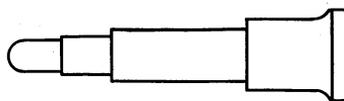

Used with No. 141 jack with white line uppermost and tip spring to left

PLUG, 258A "Mfr Disc."
Replaced by No. 258B plug

PLUG, 258B "Mfr Disc."
Replaced by No. 258C plug

PLUG, 258C Replaces No. 258B plug

PLUG, 258D
PLUG, 258E Replaces D-157182 plug

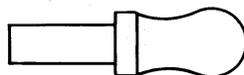

PHENOL PLASTIC

- ↗ 258C - BLACK
- ↘ 258D - RED
- ↙ 258E - WHITE

Used with 49- or similar-type jacks

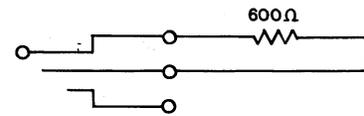

PLUG, 261A

WOOD

Used with 49- or similar-type jacks
Does not operate jack

PLUG, 262B

RED, GRAY OR BLACK SHELL

Used with 49- or similar-type jacks

PLUG, 263A

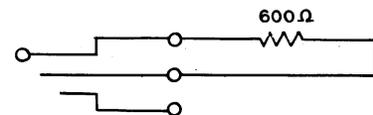

BLACK SHELL

Used with No. 240A or similar-type jacks

PLUG, 275A "Mfr Disc."
Replaced by No. 322A plug

PLUG, 277A "Mfr Disc."
Replaced by No. 277B plug

PLUG, 277B Replaces No. 277A plug

RED, GRAY OR BLACK SHELL

Used with 92- or similar-type jacks

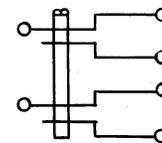

PLUG, 278A

BLACK SHELL

Used with No. 399 jack

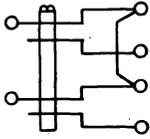

PLUG, 288A

BLACK SHELL

Used with 239- or similar-type jacks

PLUG, 288B

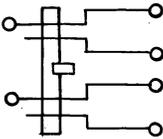

BLACK SHELL

Used with 239- or similar-type jacks

PLUG, 289A "Mfr Disc."
Replaced by No. 289B plug

PLUG, 289B Replaces No. 289A plug

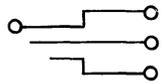

BLACK SHELL

Used with 364- or similar-type jacks

PLUG, 291A "Mfr Disc."
Replaced by No. 291B plug

PLUG, 291B Replaces No. 291A plug

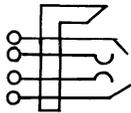

BLACK SHELL

Used with No. 242CK jack

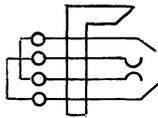

PLUG, 298A "Mfr Disc."
Replaced by No. 349A plug

PLUG, 301A

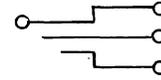

Used with 444-type jacks

PLUG, 301B Replaces D-156731 plug

Used with 444-type jacks

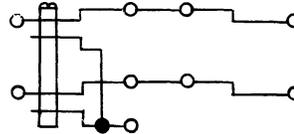

PLUG, 304A

BLACK SHELL

Used with 242- or similar-type jacks

PLUG, 305A Replaces D-92601 plug
PLUG, 305B Replaces D-96708 plug

SHIELDED

- No. 305A plug has fingers with brass tips
- No. 305B plug has fingers with silver tips

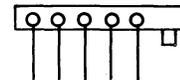

Used with 218- or similar-type jacks

PLUG, 306A

Used with No. 451A jack

PLUG, 307A Replaces D-159213 plug
PLUG, 307B

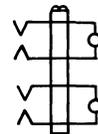

3 ROWS OF 5 CONTACTS EACH

No. 307B plug equipped with strap handle on cover

Used with No. 18A connecting block

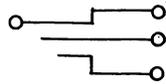

PLUG, 308A Replaces D-96709 plug

BLACK SHELL

Used with 305- or similar-type plugs

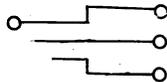

PLUG, 309 Replaces No. 109 plug

RED, GRAY OR BLACK SHELL

Used with 92- or similar-type jacks

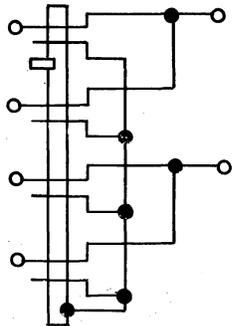

PLUG, 310 Replaces No. 110 plug

RED, GRAY, GREEN OR BLACK SHELL

Used with 49- or similar-type jacks

PLUG, 312A

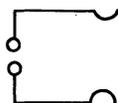

METAL SHELL

Used with No. 410C jacks in connection with No. 308A plug

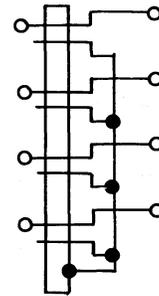

PLUG, 313A "Mfr Disc."
Replaced by No. 353A plug

PLUG, 314A

Used with 289- or similar-type plugs

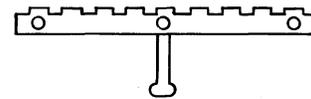

PLUG, 315A
PLUG, 315B
PLUG, 316A

METAL SHELL

No. 315A and 316A plugs have polarizing pin
No. 315B plug has shell grooved on one side
Used with 410- or similar-type jacks

→ PLUG, 318A

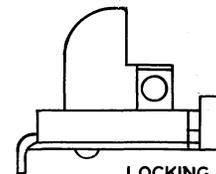

PHENOL PLASTIC

Used with 444-type jacks

PLUG, 319A "Mfr Disc."
Replaced by No. 319C plug

PLUG, 319B "Mfr Disc."
Replaced by No. 319D plug

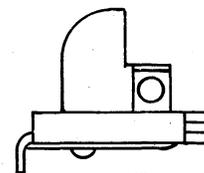

PLUG, 319C Replaces No. 319A plug

LOCKING
BROWN BODY

Used with 444-type jacks

PLUG, 319D Replaces No. 319B plug

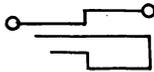

NON-LOCKING
BLACK BODY

Used with 444-type jacks

PLUG, 320A "Mfr Disc."
Replaced by No. 320B plug

PLUG, 320B Replaces No. 320A and D-85619
plugs

GRAY SHELL

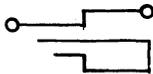

Used with 49- or similar-type jacks

PLUG, 321A "Mfr Disc."
Replaced by No. 325A plug

PLUG, 321B "Mfr Disc."
Replaced by No. 325B plug

PLUG, 321C "Mfr Disc."
Replaced by No. 325C plug

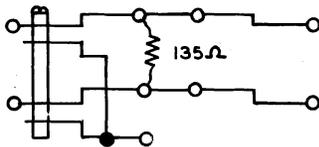

PLUG, 322A Replaces No. 275A and D-93278
PLUG, 322B plugs
PLUG, 322C

322 A-RED SHELL
322 B-BLACK SHELL
322 C-GRAY SHELL

Used with 92- or similar-type jacks

PLUG, 323A

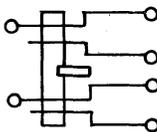

NICKEL SHELL

Used with 218- or similar-type jacks

PLUG, 324A "Mfr Disc."
Replaced by No. 324B plug

PLUG, 324B Replaces No. 324A plug

BLACK SHELL

Used with 223- or similar-type jacks

PLUG, 325A "Mfr Disc."
Replaced by No. 351A plug

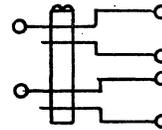

PLUG, 325B "Mfr Disc."
Replaced by No. 351B plug

PLUG, 325C "Mfr Disc."
Replaced by No. 351C plug

PLUG, 325D "Mfr Disc."
Replaced by No. 351D plug

PLUG, 325E "Mfr Disc."
Replaced by No. 351E plug

PLUG, 327A Replaces No. 154 plug
PLUG, 327B

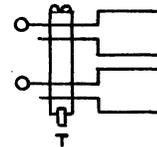

BLACK SHELL

No. 327B plug has bracket which enables the
plug to be locked to jack mounting

Used with 218- or similar-type jacks

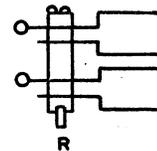

PLUG, 327C

BLACK SHELL

Used with 218- or similar-type jacks

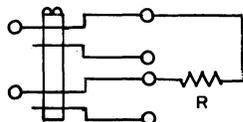

PLUG, 327D

BLACK SHELL

Used with 218- or similar-type jacks

PLUG, 328A Replaces No. 217A plug
 PLUG, 328B Replaces No. 217B plug
 PLUG, 328C Replaces No. 217C plug
 PLUG, 328D Replaces No. 217D plug
 PLUG, 328E Replaces No. 217E plug

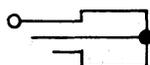

BLACK SHELL

RESISTOR R

- 328A - 700Ω
- 328B - 1130Ω
- 328C - 1800Ω
- 328D - 600Ω
- 328E - 400Ω

Used with 218- or similar-type jacks

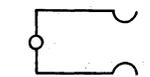

PLUG, 329A

RED SHELL

Used with 92- or similar-type jacks

- ↗ PLUG, 330A
- ↗ PLUG, 330B
- ↗ PLUG, 330C
- ↗ PLUG, 330D
- ↘ PLUG, 330E

Arranged for connection to the P-207698 cord tip

Used with the 100- or similar-type terminal strips

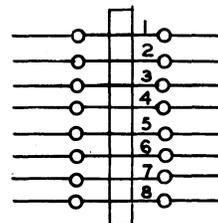

PLUG, 331A

BLACK SHELL

Used with 242- or similar-type jacks

PLUG, 332A

Used with KS-7862 or similar-type sockets and with 360-type tools

PLUG, 333A

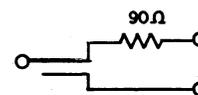

16 PAIRS OF CONTACT SPRINGS

Used with No. 461A jack

PLUG, 334A

"Mfr Disc."
 Replaced by No. 359A plug

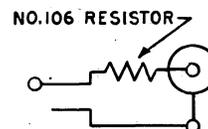

PLUG, 336A

METAL COVER

Used with 238-type jacks

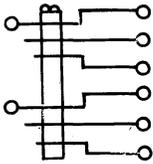

→ PLUG, 337C

The No. 106 resistor must be ordered separately

Used with 466- or similar-type jacks

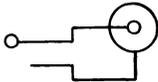

PLUG, 338A Replaces No. 247A plug

BLACK SHELL

Used with 238- or similar-type jacks

→ PLUG, 339A

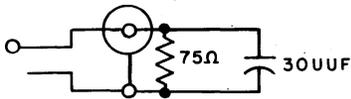

BLACK SHELL

Used with 466- or similar-type jacks

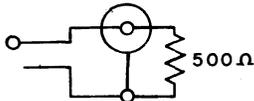

Does not short circuit the coaxial members of the jack

→ PLUG, 340C

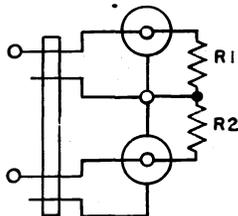

Used with 466- or similar-type jacks

→ PLUG, 340D

Used with 466- or similar-type jacks

→ PLUG, 341E Replaces the No. 341D plug
→ PLUG, 341F

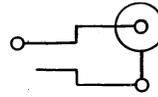

RESISTOR

	R1	R2
341E	55 Ω	55 Ω
341F	61.9 Ω	61.9 Ω

Used with 466- or similar-type jacks

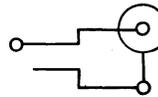

→ PLUG, 342B Replaces the No. 342A plug

Arranged for connection to No. 724 or similar diameter cable

Used with 466- or similar-type jacks

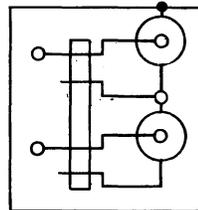

→ PLUG, 343B Replaces the No. 343A plug

Arranged for connection to wires

Used with 466- or similar-type jacks

PLUG, 345B Replaces the No. 345A plug

Used with 466- or similar-type jacks

PLUG, 347A Replaces No. 47A plug
PLUG, 347B Replaces No. 47B plug

347A-RED SHELL
347B-BLACK SHELL

Used with 218- or similar-type jacks

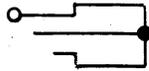

PLUG, 349A Replaces No. 298A plug

RED OR GREEN SHELL

Used with 49- or similar-type jacks

PLUG, 350A

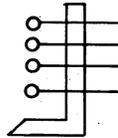

BRASS

Body end grooved to accommodate No. 274 tool

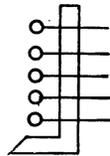

Used with 92- or similar-type jacks

PLUG, 351A Replaces No. 325A plug

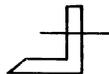

Used on crossbar switches

PLUG, 351B Replaces No. 325B plug

Used on crossbar switches

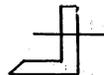

PLUG, 351C Replaces No. 325C plug

RED HANDLE

Used on crossbar switches (local)

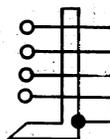

PLUG, 351D Replaces No. 325D plug

YELLOW HANDLE

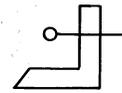

Used on crossbar switches (toll)

PLUG, 351E Replaces No. 325E plug

Used on crossbar switches

→ PLUG, 351F

Used on crossbar switches (line link frame)

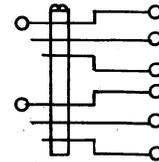

PLUG, 352A

Heat coil, P-376917 inner unit, is replaceable

Forms part of the No. 356A plug

PLUG, 353A Replaces No. 313A plug

BLACK SHELL

Used with 246- or similar-type jacks

PLUG, 354A
PLUG, 354B

BLACK SHELL

MARKING
354A - ODD
354B - EVEN

Used with voice-frequency amplifiers in toll systems

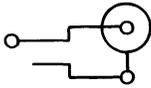

PLUG, 356A Replaces No. 135 plug

Consists of P2AY cord equipped with two No. 352A plugs

Used with protectors on MDF

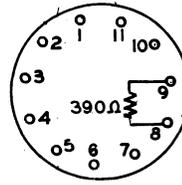

→ PLUG, 358A

Arranged for solderless shield connection

Used with 477- or similar-type jacks in the TD-2 radio relay system

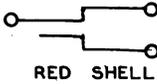

PLUG, 360D

Used in repeater bays in toll systems

PLUG, 359A

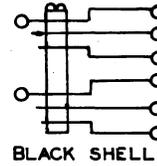

Replaces No. 334A plug

Tip of plug contacts ring spring of jack.

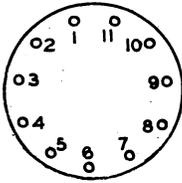

Used with 49- or similar-type jacks

PLUG, 361A

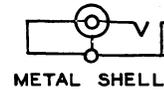

Used with 238- or similar-type jacks

PLUG, 360A

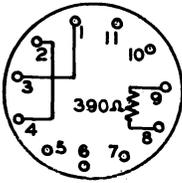

Used for testing the E2 repeater

PLUG, 365A

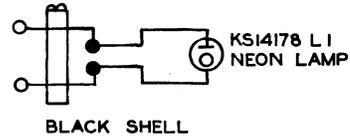

Used with a No. 79C test set in type L carrier telephone system

PLUG, 360B

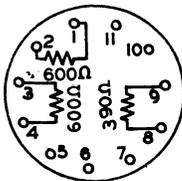

Used in repeater bays in toll systems

PLUG, 366A

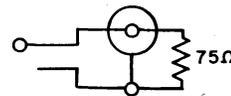

Used with 218- or similar-type jacks

PLUG, 360C

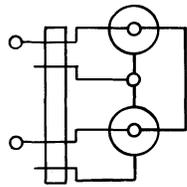

Used in repeater bays in toll systems

→ PLUG, 368A

Used with 477- or similar-type jacks

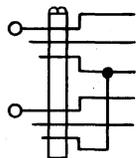

→ PLUG, 370A

ALUMINUM FINISH

Used with 477- or similar-type jacks mounted on 1-3/4-inch centers

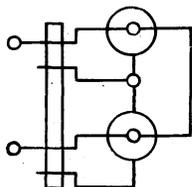

→ PLUG, 371A

BLACK SHELL

Used with 92-, 246-, or similar-type jacks

→ PLUG, 372A

ALUMINUM FINISH

Used with 477- or similar-type jacks mounted on 5/8-inch centers

PLUG, 373A
PLUG, 373B

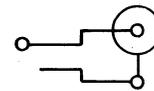

Replaces No. 151A plug
Replaces No. 151B plug

373A-RED SHELL
373B-BLACK SHELL

Used with 99- or similar-type jacks

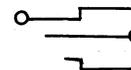

→ PLUG, 374A
→ PLUG, 374B

Used with 477- or similar-type jacks
374A plug is arranged for solderless shield connection
Used in the L3 carrier telephone system

374B plug is arranged for solderless shield connection and soldered connection to the inner connector
Used in the TH radio system

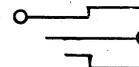

PLUG, 375A

BRASS

Body end grooved to accommodate No. 274 tool
Used with 49- or similar-type jacks

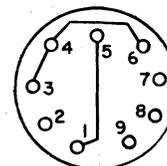

PLUG, 376A

BRASS WITH BLACK HANDLE

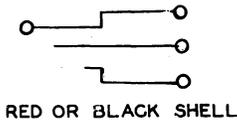

Equipped with shield which obscures light
Used with 49- or similar-type jacks

→ PLUG, 377A

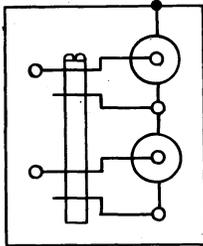

Used as a shorting plug instead of the No. 427A vacuum tube when tube is not required

→ PLUG, 378A

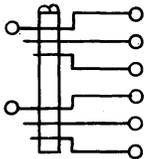

Used with 112- or similar-type jacks

→ PLUG, 379A

Used with 466- or similar-type jacks

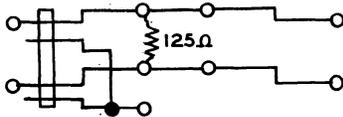

→ PLUG, 380A Replaces the D-157427 plug

BLACK SHELL

Used with the No. 50 jacks

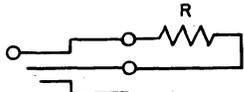

PLUG, 381A Replaces D-158550 plug

BLACK SHELL

Used with 218- or similar-type jacks

→ PLUG, 386A
 PLUG, 386B
 PLUG, 386C

	RESISTOR R	SHELL
386A	600Ω	BLACK
386B	135Ω	RED
386C	75Ω	BLACK

No. 386A plug is used in E repeater test sets
 No. 386B plug is used in type O carrier telephone installations
 No. 386C plug is used in the L3 carrier system

→ PLUG, 387A
 → PLUG, 387B

Replaces D-156732 plug

No. 387B plug is arranged to accommodate clips of the No. 52E head telephone set or No. 1011B hand set

Used with 444-type jacks

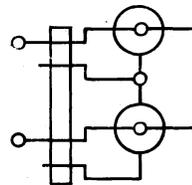

→ PLUG, 388A
 → PLUG, 388B

4 ROWS OF 9 CONTACT SPRINGS EACH

No. 388A and 388B plugs are used with the left half and right half, respectively, of the jack assembly of the No. 214A selector of the No. 1A translator

→ PLUG, 389A
 → PLUG, 390A
 → PLUG, 391A

GRAY PLASTIC CASE

JACK MOUNTING CENTERS

389A	1-1/4"
390A	2-3/4"
391A	4-5/8"
392A	4-7/8"

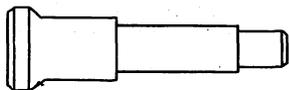

Used with 477- or similar-type jacks mounted on various centers as specified above

→ PLUG, 393A

Used as a shorting plug instead of the No. 408A electron tube, when the tube is not required

→ PLUG, 394A

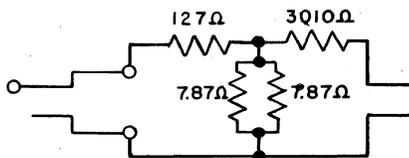

BLACK PHENOL PLASTIC

Used with 49- or similar-type jacks

Operates ring spring of the jack

→ PLUG, 397A

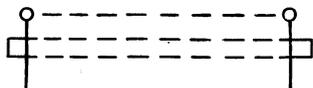

Used with 215- or similar-type jacks

→ PLUG, 398A

Arranged to make contact with one cable pair on MDF equipped with No. 1177A, 1177B, C50A, or C52A protector

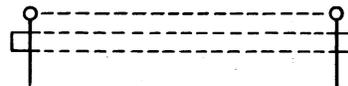

→ PLUG, 399A

2 ROWS OF 10 CONTACT SPRINGS EACH

Arranged to make contact with 10 cable pairs on MDF equipped with 1177A, 1177B, C50A, or C52A

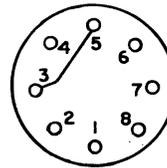

→ PLUG, 400A

2 ROWS OF 20 CONTACT SPRINGS EACH

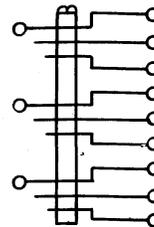

Arranged to make contact with 20 cable pairs on MDF equipped with No. 1177A, 1177B, C50A, or C52A

→ PLUG, 404A

Used with the No. 804A and 804B networks in the P1 carrier system

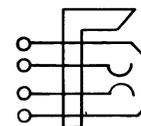

→ PLUG, 406A

BLACK SHELL

Used with 238- or similar-type jacks

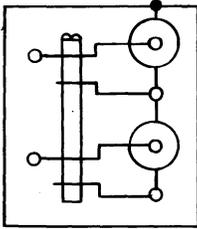

→ PLUG, 407A

Arranged to accommodate a 5/16-inch diameter cable

Used with 444-type jacks

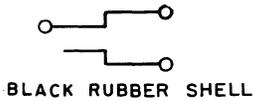

→ PLUG, 408A

Arranged for solderless shield connections to two cables

Used with 464- or similar-type jacks

→ PLUG, 412A
→ PLUG, 412B
