1. GENERAL

1.01 This addendum supplements Section C32.544, Issue 1. It is issued to provide information pertaining to 500 series sets equipped with retractile handset cords.

2. REPLACEMENT PARTS AND SUPPLIES

2.01 Add the following note under REPLACEMENT PARTS AND SUPPLIES.

Note: All telephone sets shown above may be equipped with retractile handset cords. Sets so equipped have the same code number as telephone sets equipped with standard handset cords, with the exception that the suffix R will be added to the telephone set code. For example: a 500E-3 telephone set equipped with a retractile handset cord would become a 500ER-3 telephone set. Sets ordered with the suffix R will be equipped with a retractile handset cord when received.
