INTRODUCTION

If you need to replace the sim card in your ASUS PadFone X, this guide will teach you how to do it in only 3 easy steps.

🔧 TOOLS:

- iFixit Opening Tools (1)

Step 1 — Sim Card

- Using the blue plastic opening tool, insert the tip into the crease between the back cover and the phone and pry it upwards.

- Continue this motion all around the phone until the back cover is loose.

Step 2

- Push the sim card in towards the phone.

Step 3

● Pull out the sim card

To reassemble your device, follow these instructions in reverse order.
