

Acer Aspire 5741-5698 Camera Replacement

How to replace an Acer Aspire 5741-5698 camera.

Written By: Cydnie Atkinson

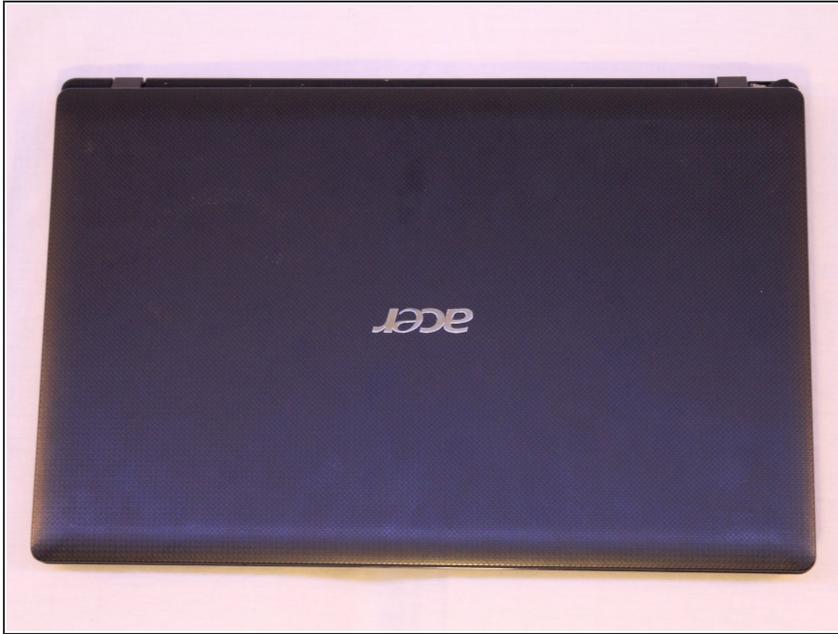

INTRODUCTION

This guide illustrates how to replace the built-in camera of an Acer Aspire 5741-5698.

TOOLS:

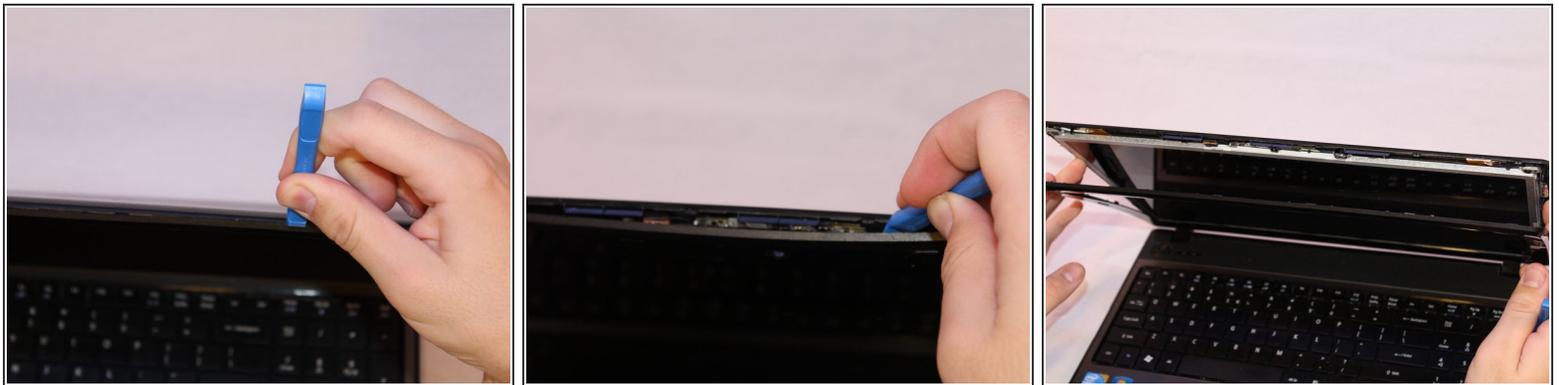

- [iFixit Opening Tools](#) (1)
-

Step 1 — Camera

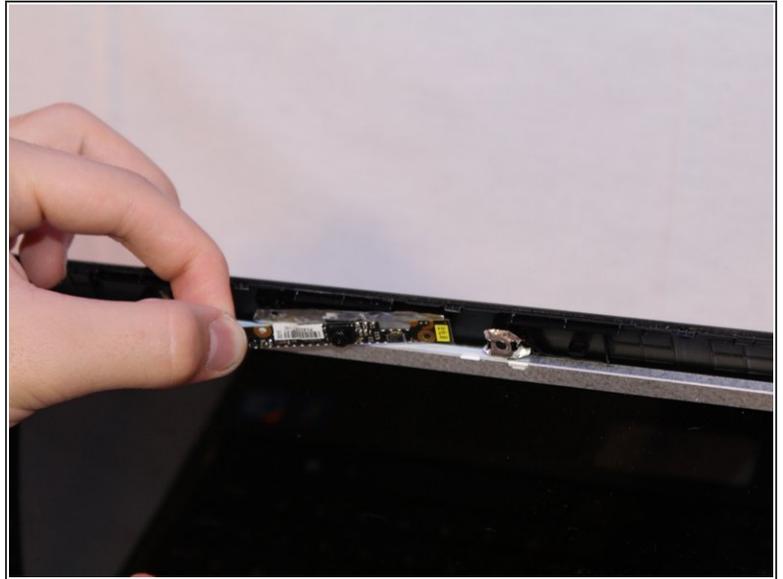

- Start with the laptop face up.
- Open the laptop so that the screen and camera are visible.

Step 2

- Use a plastic opening tool to separate the border from the screen.
- Remove the border so that the camera is visible.

Step 3

- Disconnect the wire attached to the camera and remove the camera.
- Insert a new camera board.

To reassemble your device, follow these instructions in reverse order.
