Step 1 — Wirless Card

- Flip the laptop on to its backside.

Step 2

- Locate the wirless card at the middle left section of the laptop's backside.

This document was generated on 2019-10-31 02:41:57 PM (MST).

Step 3

- Insert the correct screwdriver mentioned in the guide.

- Loosen and remove the single screw at the top of the wirless card's cover plate.

Step 4

- Flip the wirless card's cover plate up and off.

Step 5

- Remove the wirless card from the compartment by first removing the two wires connected to the wirless card.

Step 6

- Remove the two screws remaining at the top left and right corners of the wirless card.

- Slide the wirless card up and out of the compartment.

To reassemble your device, follow these instructions in reverse order.
