## INTRODUCTION

Replacement of the optical drive for the HP Pavilion 15-ab165us.

---

### TOOLS:

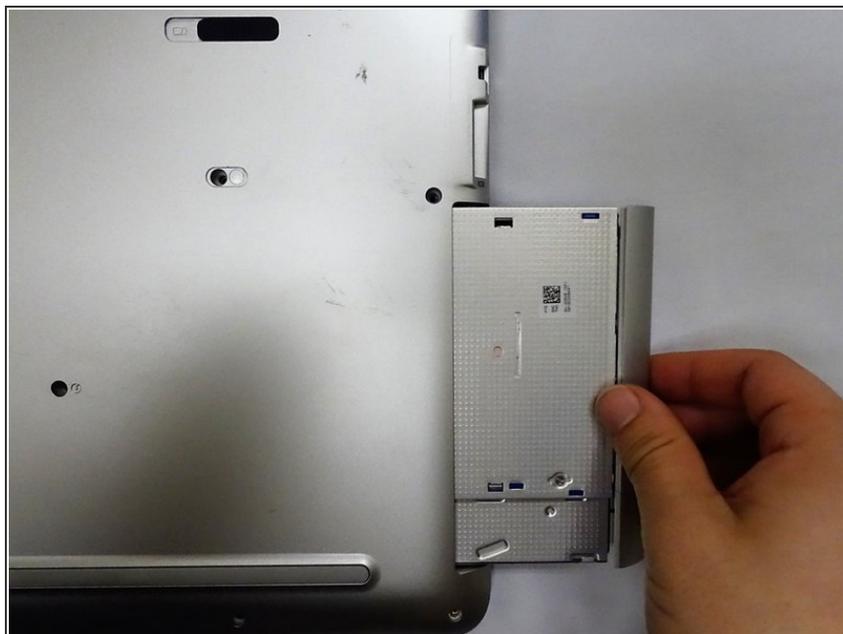

- [Phillips #1 Screwdriver](#) (1)
-

## Step 1 — Optical Drive

- Remove the 8mm screw holding the optical drive in place with a Philips #1 screwdriver.

## Step 2

- Pull the optical drive out of the laptop.
- ⓘ There will be some resistance when pulling.

To reassemble your device, follow these instructions in reverse order.
