

LG Rumor Touch Battery Replacement

If your LG Rumor Touch needs a battery replacement, these are instructions to safely remove the battery.

Written By: blake chan lemley

INTRODUCTION

Replacing the battery requires minimal disassembly following the few, basic steps in this guide.

TOOLS:

- [Spudger](#) (1)
-

Step 1 — Battery

- Remove the phone's back cover by placing your thumb the above charging port, located at the bottom of the phone, and sliding the back cover upward.

Step 2

- Gently pry the battery out of the phone with the spudger.

To reassemble your device, follow these instructions in reverse order.
