

# MacBook Pro 17" Unibody Camera Board Assembly Replacement

Internal Prerequisite for accessing the Camera Board Assembly

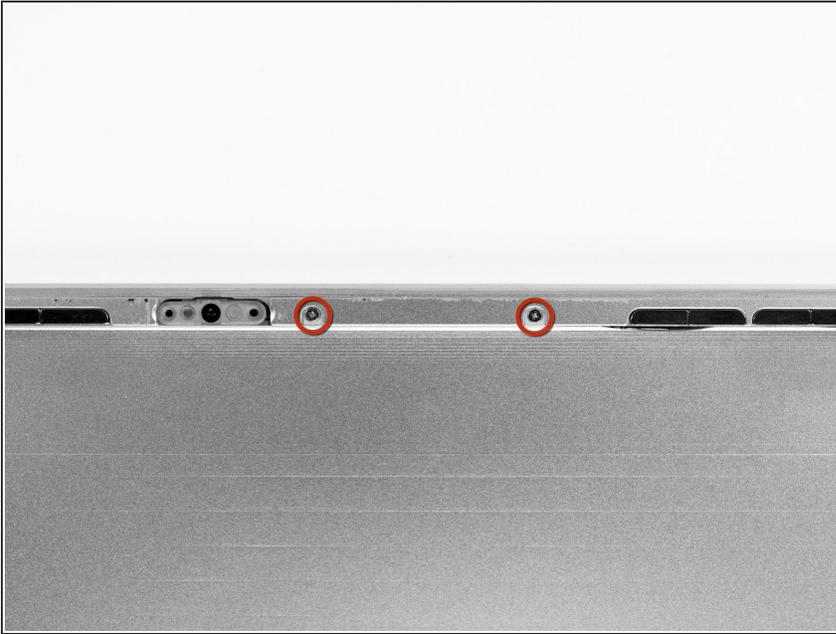

Written By: Brett Hartt

 **TOOLS:**

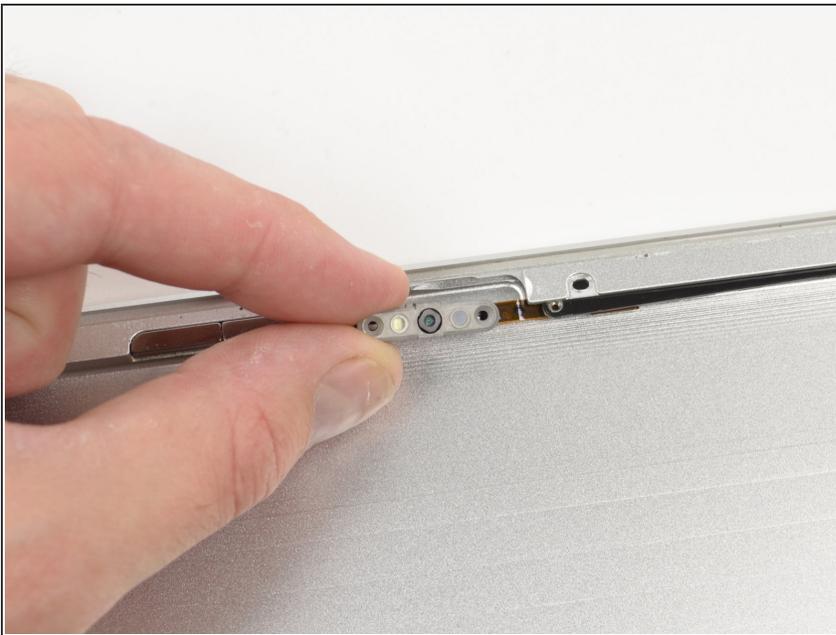

- Phillips #00 Screwdriver (1)

## Step 1 — Camera Board Assembly

- Remove the two 2.7 mm Phillips #00 screws securing the camera board to the rear display bezel.

## Step 2

- Lift and remove the camera assembly out of the rear display bezel.

To reassemble your device, follow these instructions in reverse order.
