

PowerBook G4 Titanium Mercury Lower Case Replacement

Written By: iRobot

INTRODUCTION

Just remove a few Phillips screws, and the bottom case slides off.

TOOLS:

- [Phillips #0 Screwdriver](#) (1)

PARTS:

- [G4 Titanium Mercury Lower Case](#) (1)

Step 1 — Lower Case

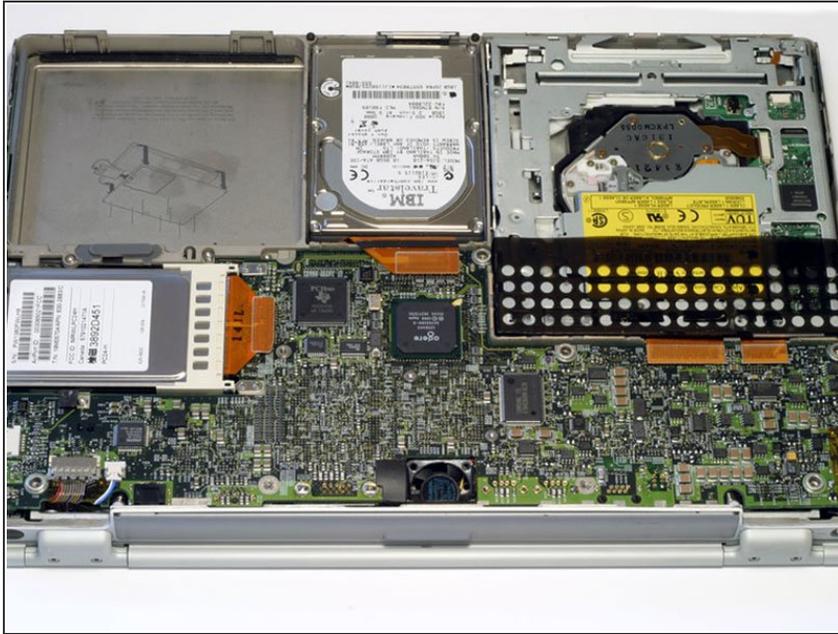

- Turn the G4 over.
- Remove the eight Phillips screws from the lower case.

Step 2

- Using your thumbs, slide the lower case away from you.
- ⓘ The lower case may stick in the front on a tab just above the center of the DVD drive. Be careful as you work the case off, or you may break the thin strip of plastic just above the drive.
- Lift the lower case off.

Step 3

- Your laptop should look approximately like this.

To reassemble your device, follow these instructions in reverse order.
