

Samsung WB35F Battery Replacement

This guide will help to replace Samsung WB35F camera battery in two easy steps.

Written By: Sarmad Khan

INTRODUCTION

The battery replacement can be completed in two easy steps, and no tools are required to replace camera battery.

PARTS:

- [Samsung Digital Camera Battery BP70A](#) (1)
-

Step 1 — Battery

- Open the camera battery terminal that can be found on lower right corner of the camera.

Step 2

- Pull the clip off and take out old battery, and replace it with new battery.
- ☑ Make sure that you close the battery terminal once you replace the battery.

To reassemble your device, follow these instructions in reverse order.
