

Toshiba Satellite L355 Laptop Power Jack Replacement

Step-by-step instructions on how to replace the internal power jack for the Toshiba Satellite L355 Laptop

Written By: Zeus, the Defender

INTRODUCTION

The Power Jack for the Toshiba Satellite L355/L305 series is damaged after many uses and will most likely need to be replaced. In this guide you will find a permanent solution to the common problem.

In order to repair/replace the Power Jack it is necessary to disassemble the laptop.

TOOLS:

- [Phillips #00 Screwdriver](#) (1)
- [Metal Spudger Set](#) (1)
- [5-Piece Basic Soldering Set \(Radio Shack\)](#) (1)

PARTS:

- [Size N Panel-Mount Coaxial DC Power Jack \(Radio Shack\)](#) (1)
Model: 274-1576

Step 1 — Power Jack Replacement

- Turn your Toshiba L355 laptop over

Step 2

- Find the laptop battery release button lock for your Toshiba L355 laptop.

Step 3

- Now that your Toshiba L355 laptop battery is unlocked, find the battery release button down.

Step 4

- Holding the laptop battery release button, gently pull your battery away from the laptop.

To reassemble your device, follow these instructions in reverse order.
